Meeting of the Supervisors

(Continued from page 1)

is being erected and will probably be
finished in three weeks or so.

KOLOA—Repair work was done
Mr. Bush's cottage was painted inside
and not much was done to the teachers
cottage which building is not good and
I am afraid will be unsatisfactory to
the new lot of teachers.

LIHUE—Mrs. Wedemeyer's cottage
was painted inside. A large sleeping
porch was added to the teachers' cot-
tage and the house otherwise altered
and added to for the accommodation
of nine teachers. Repairs and floors
painted in principal's cottage.

HANAMAULU—Repair work is now
going on. Mrs. Bridgewater requests
that a lanai or sleeping porch be ad-
ded to the old cottage so as to ac-
commodate six teachers. It is now ar-
ranged for four teachers, but has only
one bath room. It would also need
another bath room if fixed up for six
teachers. I would like instructions
from the Board in regards to same.

HANALEI—Materials for repairs
arrived and work being done.

Small repairs at other schools, not
urgent and will be attended to as
soon as workmen can get around.

Repairs and painting at the High
School was done. The new bungalow
will be built as soon as carpenters are
available.

WATER WORKS—Kalaheo, 250 feet
or so of tunnelling remains to be done.
When finished the ditch will other-
wise be ready to deliver water. Hard
digging in two of the tunnels and a
shortage of men has caused consider-
able delay in this job.

ANAHOLA—Water Works is finished
and is a splendid system.

Work is being done at Akulikuli to
increase the water supply for Kapaia
in a permanent manner.

WAILUA HOMESTEAD ROAD—Sur-
veying in readiness for the grading
was done. Bids were advertised for,
for the construction of this road but
no calls for plans or specifications
were received.

I wish instructions as to further
procedure with the construction of
these roads.

Mr. McBryde moved for authority
for the County Road Supervisor to
call in bids for the construction of a
macadamized road at Kalaheo, begin-
ning at J. I. Silva's Homestead Store
and running to Joaquin Vierra's lot.
Bids to be opened at the next regular
monthly business meeting of the
Board, and being seconded by Mr.
Brandt the motion was carried.

Mr. Brandt moved that the County
Road Supervisor notify the Honorable
C. T. Bailey, Commissioner of Public
Lands that no bids have been received
for the construction of the Wailua
Homestead Roads though tenders have
been asked by advertisement, but the
County of Kauai however stands ready
to do the work if it be authorized; at
the same time ask the Commissioner
what he wishes to be done, and being
seconded by Mr. Menefoglio the mo-
tion was carried.

Mr. Menefoglio moved that the
County Road Supervisor proceed as
soon as practicable to build a lanai
and another bath room for the old
teachers' cottage at Hanamaulu as
requested by Mrs. Bridgewater, prin-
cipal, and being seconded by Mr. Mc
Bryde the same was carried.

Mr. Brandt moved for the construc-
tion of a four (4) room teachers' cot-
tage at Eleele and in the meantime
the County Road Supervisor call for
tenders for this work to be opened as
soon as practicable by the chairman
and the engineer on behalf of the
Board, and being seconded by Mr. Mc
Bryde the same was carried.

Mr. McBryde moved that the County
Road Supervisor lay a water pipe on
the Kalaheo new school site and being
seconded by Mr. Menefoglio, was car-
ried.

Mr. McBryde also moved that the
County Road Supervisor put in proper
condition the grounds of the public
schools at Lihue, Kalaheo, and Kapaia,
and being seconded by Mr. Bettencourt
Jr. was carried.

Upon the request and recommenda-
tion of Mr. Moragne, the Board, upon
the motion of Mr. Brandt, seconded by
Mr. Menefoglio, and by a unanimous
vote, employed R. F. Middleton of
Lihue, as County Road Supervisor, he
to serve during the absence of Mr.
Moragne who is about to take a de-
served vacation, at the salary of \$200
besides \$180.00 per month for his
traveling expenses.

At 11:45 o'clock a. m. the meeting
adjourned to meet again at the call of
the chair.

The Princeville Ranch has five
acres of velvet beans near the stable
which are making a phenomenal
growth. They rank very high as a
stock food,—being very rich in pro-
tein. The whole rank growth can be
ground up and is all good fodder.

The beautiful new Wailua Bridge is
rapidly emerging from the chrysalis
stage, and shaking off the discard
body of the old bridge.—The old floor
is being taken up by sections,—only
70 or 80 feet of it left.

Agent for your Home Company

**Remember
this sign when Touring**

Before the war if you toured in England or France or Italy or
South America or South Africa or Australia or Japan or China
or Siam or anywhere else, or if you were "over there" during the
war, you will remember seeing the world known Michelin Sign.

Here at home, as in other parts of the earth, this
sign is displayed by reputable dealers everywhere.

It stands today, as it has always stood, for high quality tires,
moderate prices and fair treatment. Remember these facts,
especially when touring.
